

**SOUND  
STURM**

The image displays a bold, black-and-white graphic design. The text 'SOUND' is positioned on the top line and 'STURM' on the bottom line, both in a thick, sans-serif font. The letters are contained within a rounded rectangular frame. A dense, chaotic scribble of black lines is centered horizontally, overlapping the middle of both words. This scribble consists of numerous overlapping, curved and straight lines, creating a sense of motion and complexity. The overall composition is balanced and visually striking due to the high contrast and the interplay between the clean typography and the messy scribble.
